Dear Dr. Chernov:

I would like to take this opportunity to thank-you so much for seeing me as a patient for my complexion.

The solution that I recieved from you has cleared up my complexion 100%

I have tried drug store over the counter ointments; creams and what ever and still nothing worked. I also went to a Dermatologist with still no results.

This solution is excellent and I hope others can hear about it and use

it.

Thanking You Kindly
