

DR Chernov

The medicine you have provided me has certainly made a difference in my life. After 6 years of unsuccessful treatment by dermatologists in my home-town, I can finally feel confidence in my appearance on my job, AT school and in social situations. In the past the medication I have had prescribed for me left my skin red, raw and peeling and the blemishes were still there. Now my skin is clearer in color and my blemishes are 95% fewer.

Many Thanks
