Dr. Chernoff thank you for
the Doctor's Cold Sore Solution you
gave me at our Annual
Convention in New Orleans (10/96).

I had several canker sores
that were very painful. As soon
as I applied the solution the pain
lessened, and within a couple of
days they were gone!

A few weeks later I noticed
that a new canker sore was
forming and applied the solution.
It was prevented before it even
manifested - Bravo!

I am happy to say I haven't
had any since that time. !!!
