I just wanted to write to you to let you know what a wonderful product your cold sore solution is. I've been prone to getting cold sores on my lips. I tried your solution about three years ago and it is the only product that really works. As soon as I feel the tingling I put it on, and sure enough, most of the time they dont ever appear. If unfortunately I don't have the solution on me (as it happened to me this past time I was on vacation) I put it on as soon as I can, and the lenght of time that I have the cold sore is only about 2 days and the sores are not as bad as they could be. I got both of my parents using the solution, and they too are thrilled with the results. We thank you so much for making such a wonderful product and making it so available to all of us. Thank you!
