November 27th, 2006

I was introduced to Doctors Solution cold sore product by a co-worker in 2001. I frequently get cold sores every time I get a fever or a head cold. My co worker informed me about this product and swore by it. I tried it and immediately was amazed at how quick my cold sore started the healing process. Normally my cold sore would worsen up to the 3rd or 4th day and last almost a week to a week and a half. After using the product at the first sign of my cold sore coming on I would apply doctors solution cold sore medication and with in 2 to 3 days at the most my cold sore was gone. I had bypassed the blistering and swelling to immediately drying up and going away.

I have been a loyal user since 2001 and will always be a loyal user for this product. I recommend this product to anyone who experiences cold sores. Trust me you will never use another product for your cold sore again.

Sincerely,

Mary [REDACTED]
