Dear Dr. Chernov (Joshua Cold Sore Solution),

I can't thank you enough for making the cold sore solution. It really works fast. I've applied it after a cold sore has appeared and it dried it up without it looking like a huge scab. The other day I felt a small bump on my lip and it felt like another cold sore was coming. I immediately applied the solution like clock work. The cold sore never developed. I was extremely pleased. Cold sores are not only painful, but ugly and if I can avoid as many as possible, I will be happy. I told my brother and niece about your solution and they've been clients for over a year. I am also impressed with the quick delivery of your product when I place my order. The personal attention and advice is great (Thanks Mary!).

Thanks again for a wonderful product. You have a client for life.
